The USO Campaign Gets Under Way Here With Joint Chairmen

The second campaign to raise funds for the support of the USO for men in the service is getting under way throughout the nation. Provision must be made to secure \$32,000,000 for the budget of the organization, and this total amount, divided among the states of the Union and then down to the various counties and the towns, gives Franklin county a quota of \$21,500, and Northfield a quota of \$750. F. Raymond Andrews of Greenfield is the county chairman, and Stuart Winch of Turners Falls is chairman of the district group in which Northfield is located. A. P. Pitt and Roger Greenwood have been named as co-chairmen for the Northfield solicitation. The county effort began with the holding of a big mass meeting in Greenfield on Sunday, at which John W. Haigis was the presiding officer. Residents of this town will receive a personal visit from some member of the local committee to secure their contribution or a pledge of payment. Northfield will respond to the appeal and do it promptly.

The estimate of the funds needed is based on a careful study of the known costs of the USO clubs and other service units now in operation, and the additional units that will be needed because of increased personnel in our Army and Navy. Operation of the greatly increased number of services in our off-shore bases as well as here within the continental United States makes the increase in this year's goal necessary.

The expectation is that USO Clubhouse and other unit services within the United States, now numbering 620, will reach a total of 940 before the end of May, 1943. In addition to the 40 units now planned for our men overseas, there will certainly be need for further increased services.

Mobile field units serving troops on detached duty away from club-house areas are expected to increase from the present 34 to at least 49. The 39 troops-in-transit lounges in railway and bus terminals are expected to number 100 before June, 1943.

This large expansion of all USO services to keep pace with the growth of our Army and our two-ocean Navy will require a minimum of \$32,000,000 in the coming year. This calculation of funds needed has been reviewed and endorsed by the Federal Government authorities in Washington.

In the local set up and organization, it has been decided that Mr. Greenwood will be the chairman of the canvass. And assignments for the various districts are as follows: Northfield Center, Roger Greenwood; East Northfield, A. P. Pitt; Northfield Farms, George W. Carr; West Northfield, Raymond Plotczyk, and Ralph Gibson.

Start Canteen Course For Emergency Use

A large and representative group of women have enrolled in the Red Cross Canteen course, as part of the preparations of Civilian Defense in this town. The women were enlisted by Mrs. Frank H. Montague who heads the work of the Women's Division, and Mrs. Allen H. Wright is directly in charge. The first meeting was held Tuesday afternoon in Center school and Miss Daisy Treen of Boston, a summer resident here for many years, will instruct the class. Miss Treen is a teacher in the schools of Boston and in charge of the food division. She is a graduate of the Seminary and of Pratt Institute and of Columbia University. The course of instruction is for ten weeks, each Tuesday afternoon from 2 to 4 and every phase of service in the canteen work will be undertaken. Those who are enrolled are Mrs. Frank H. Montague, Mrs. Allen H. Wright, Mrs. George W. Carr, Miss Marion Holton, Mrs. Charles L. Johnson, Mrs. Charles Kehli, Mrs. Dana Leavis, Mrs. Charles E. Leach, Mrs. Edgar J. Livingston, Mrs. Carroll Miller, Mrs. William D. Miller, Mrs. Paul Mayberry, Miss Ann Mattoon, Mrs. George Pefferlee, Miss Euphrasia Purrrington, Mrs. Sinclair Sutherland, Mrs. William P. Stanley, Mrs. Robert Taylor, Mrs. Winfred Whitaker, Mrs. Bernard Whitney, Mrs. William Shattuck.

Any interested woman may obtain full information from Mrs. Wright.

Between Conferences Campus However Busy With Many Activities

Two weeks without a conference scheduled does not mean two weeks' vacation for the entire Northfield Summer Conference staff. Some have left for their homes, others have gone on short trips but almost half of the working staff of 100 boys and girls are busy this week housecleaning and putting the grounds and buildings in order for the six solid weeks of gatherings which will start with the Missionary Conference on July 6.

But the busiest people on the Seminary campus are the four talented young folks who form the nucleus of the Northfield Singers. Under the leadership of Mr. Melvin L. Gallagher, Conference Musical Director, this quartet is receiving intensive preliminary training so that they may, in turn, train the other members of the group when they report next week. Mr. Gallagher has evolved this unique method as the most practical means of giving the 24 singers a sound training in the limited time at his disposal, for these young people are also members of the Conference working staff.

The members of the quartet are all well-known to those who have followed musical affairs at the Northfield Schools in recent years. Claire McLamore, the soprano, is now a sophomore at the Eastman School of Music under a full scholarship. During the last Christmas vacation she sang as soloist in "The Messiah" with the Greenfield Choral Club. Charlotte Hathaway, the contralto, is a Junior at Boston University College of Music and during the past winter sang as a member of an octet in King's Chapel, Boston. The tenor is Ralph Marquise of Trinity College. His work as a tenor with the Conference Singers and previously at Mount Hermon has affected his decision to enter the musical field. He was a member of the Trinity College Glee Club. Henry Cady, the bass, is a Junior at Middlebury where he majors in voice under H. W. Bedford. He was soloist with the college choir and acted as director of music in the Middlebury Congregational Church. He presented a recital during the year which received excellent comment.

Representing other colleges are Barbara Nichols, alto, from Bucknell; Marjorie Meadows, alto, Boston University; Camilla Rikert, alto, Duke University; Mary MacLeod, alto, Hiram College; Jacqueline Pinney, soprano, Connecticut College for Women; Elaine Scholten, soprano, Hope College, Michigan.

The following members are graduates of the Northfield Schools in the class of 1942:

Robert Baker, tenor; Herbert Beizer, tenor; Robert Hodges, tenor; William Porter, tenor; Paul Allen, tenor; George Irish, tenor; Roger Tuttle, bass; Harold Van Dusen, bass; Thomas Asquith, bass; Loring Bullock, bass; Elizabeth Lyman, soprano; Gladys Greenip, soprano; Christine Shatts, soprano; Lydia Wright, alto.

The outstanding feature of this group is the manner in which the practice periods, both individual and as a group, are conducted. There are specific periods when group classes are held in vocalizing, the fundamentals of breathing and tone production, the memorizing of works to be performed, and interpretation of music. Suggestions are offered by all members of the group, led by the college members with their more advanced practice and technique. Discussions dealing with many musical problems are held, under the guidance of Mr. Gallagher. In this way a democratic congenial spirit of co-operation is maintained.

High Alumni Elects

The High School Alumni Association held their annual dance and business meeting at the Town Hall on Friday evening of last week and enjoyed a social time with the high graduates as their guests. At the election of officers Miss Natalie Briemaster was chosen president for the coming year and other officers as follows: Peter Laddinski, vice-president; Gladys Shattuck, secretary-treasurer; executive committee, Helen Wozniak, Joseph Holton, William Huber, Ruth Avery; nominating committee, Frank Anderson, Marion Goodspeed, Stella Lerna to witz, Donald Finch, Mary Dalton.

The Rubber Salvage Campaign Is On

Start Bible Studies In July At The Hotel

It is announced that the Rev. J. East Harrison, former head of the Bible department of Mount Hermon school, will again this year, conduct the series of special Bible studies at the Northfield Hotel Mr. Harrison has conducted these studies for many years past and they have been both well attended and highly profitable. The first session will be held in the parlor of the hotel in the morning of July 7 at 9:30 o'clock and the series will continue until July 31st. The studies will be in the Gospel of St. Luke and next week we will publish the various and continuing topics. A cordial invitation is extended to all interested friends to attend.

Phelps-Hale

Miss Florence Alice Hale, daughter of Mr. and Mrs. Russell Hale of Northfield Farms, and Charles Austin Phelps of Greenfield, son of Mr. and Mrs. Austin Phelps of this town, were married last Sunday at the home of the bride's parents, with Rev. Herbert Gale of the Seminary faculty officiating with the double ring ceremony.

Traditional wedding music was played by Miss Betty Phelps at the piano and George Phelps, violinist. The bride was attended by her sister, Miss Esther Hale, as maid of honor, and Miss June Phelps, niece of the bridegroom, as flower girl. Raymond Phelps of Hartford, brother of the bridegroom, was best man.

The bride wore a sugar-mist wedding gown with long pointed sleeves, sweetheart neckline and long train, and fingertip veil with a crown caught with orange blossoms. She carried a shower bouquet of pink and white roses. The maid of honor wore a yellow gown with the material matching that of the bride's gown. She wore a coronet hairdress of roses and carried a bouquet of talisman roses and delphiniums. The flower girl was dressed in white.

A reception followed the ceremony at the home with the bride's aunt, Mrs. William Joslyn, serving. The home was prettily decorated with an arch of roses, hydrangeas and delphinium. The bride's traveling dress was a floral print silk with light-blue coat and white accessories. She wore a corsage of roses.

The bride is a graduate of Northfield high school in the class of 1941. The bridegroom attended Powers institute in Barnardston.

Say "No" To Radio

The Green Mountain Broadcasting Corporation of Brattleboro wanted to locate a station in Brattleboro of the standard type and made application for permission to the Federal Communications Commission, which has been dismissed without prejudice. The Press is without information as to the ambitious backers of the proposition.

Town's Rubber Drive Bringing Good Yield Spencer Garage Busy

The nation's rubber drive is going fine and Northfield is doing its part in the accumulation of scrap rubber and metals which have come in. The local Salvage Committee headed by Mr. Birdsell, has had pens erected at the Town Hall and at the East Northfield Postoffice and quantities of the material have been brought in and deposited. Only a few days remain for this drive and those still able to find any kind of rubber about the house, garage, barn or farm, should hurry and get it in. The government needs rubber badly and is anxious concerning it. Let's show them that in Northfield we can wholeheartedly respond.

All the garages of the town will also receive your salvage materials but at this date no report can be made of the amount they have already received. The rural war action committee is checking up on the farms but as yet they have no report of their success. To Spencer Bros. garage must go a considerable credit for the personal endeavors of Mr. Spencer, his son, and his employees, for accumulating over a ton of waste rubber and passing by on Main street being loaded and ready in a few days to be sent on its way to the mills.

Mr. Spencer is paying a cent a pound for the old material as instructed by the government, but many persons are aiding in contributing the material. Now everybody get busy and let us make the collection of scrap rubber a worthwhile proposition here.

The picture above is that of a truck of H. A. Priest of Gleasondale, Mass., which has collected the old tires used for smudge fires on the farms and fruit orchards and now turning them over to Uncle Sam.

Lastly, don't forget, the government needs the old rubber and an abundant collection of the old scrap may solve the many acute problems which now prevail.

Failure of the rubber drive will positively mean a curtailment of privileges for the average citizen. It is possible that if the drive fails, civilians will lose their tires and their spares, too, to the military effort.

However, so far as this section of the country is concerned the returns from the scrap rubber drive were beyond expectation.

Shipped The Bundles

They were shipped to Boston and New York. Bundles for Britain and Bundles for America, all made by Northfield women to whom Mrs. William E. Park, in behalf of the committee, extends appreciation and thanks. There were 24 scarfs, 26 pair socks, 1 pair sea boots, 16 turtle neck sweaters, 2 R. A. F. sweaters, 27 helmets, 11 watch caps, 3 afghans, 2 pair gloves, and 19 pair thumbless gloves. The yarn has run out and there is no supply on hand at present. All work for the summer is discontinued.

For Sugar Rationing Helpful Instructions

Some people are confused about the use of the stamps for sugar rationing since there has been a few items in the newspapers noting a change. There is no change whatever in the amount of sugar allowed per person and stamp No. 4 valid for the purchase of a pound must be used before midnight of June 27. Coupon No. 5 will be good for two pounds, redeemable to July 26, after which coupon 6 can be used and valid until August 22. Under the doubling of the amount of sugar per coupon, the time, however, is extended, and each stamp will cover four weeks instead of two weeks.

The Grange Meeting

On Tuesday evening the Northfield Grange entertained a large delegation from the Colrain Grange with visitors from Granges at Greenfield, Barnardston, Montague, Reading and East Alstead.

The officers of Colrain Grange filled the chairs and conducted their business meeting. Lewis Shine, master of Northfield Grange, conducted the business of the local Grange. A program was presented of music and readings by the visitors and refreshments were served.

The next meeting of the Grange will be July 14 when a supper will precede the meeting and a speaker will be heard.

Fifth Registration

The 173 Draft Boards of the State are now completing the arrangements for the fifth registration under the Selective Service law which will be held on Tuesday, June 30th. All males born on or after January 1, 1922, and on or before June 30, 1924, will be required to register at the designated registration place in the local board area, in which he has his permanent home. No estimate has been made of the number of young men who will register from Northfield but a list will be made public after the registration.

Open Swimming Pool

The Northfield Hotel has completed its work on the preparation of the swimming pool to the rear of the Chateau and it is now open and in use by guests of the hotel. All persons using the pool are required to be members of the Hotel Club and details may be had at the hotel information desk. The pool is no doubt the best equipped and most satisfactory place for a swim these summer days.

An old car traveling along Winchester road last Thurs. evening near the Gray home and bearing New Hampshire plates, suddenly swerved off the road to the right, landed against a pole, and turned over on its side. There were several young folks occupants beside the driver but no one was seriously hurt.

Exchange With Japs Assured In Sailings Durgins Aboard?

The information given to the public that the Swedish motorship "Gripsholm" sailed from New York city Thursday evening of last week with over a thousand of Japanese and Thailand nationals for Lourenco Marques, Portuguese East Africa, means that the Japanese will bring a similar number of American and Canadian nationals by their steamship, the Asama Maru, to the same destination, to effect an exchange. The Gripsholm on the way will stop at Rio de Janeiro to take on about 400 more Japanese and the round trip of the boat will consume about 60 days. It seems certain that returning to our shores will be Ambassador Joseph C. Drew and his staff, a large number of other government officials and newspaper men. Although no list has been made public, it is expected that Mr. and Mrs. Russell Durgin will be included in the exchange and that they will reach Northfield in about two and a half months. The progress of these ships on the high seas and the success of the exchange will be of daily interest to many of the Durgin friends here and to their families.

Leaving Northfield Make Home In Maine

When a large van pulled up out of Parker avenue last Saturday, it was well loaded with furniture, and on-lookers realized that the home of Mr. and Mrs. L. W. Robbins was no more among us and that they were on their way to Randolph, Maine, to establish their residence in that community. After many goodbyes and well wishes from friends they left in their own car on Sunday. Mr. Robbins as the superintendent of the Northfield School district, served well the various towns until the time of his age retirement had come. They both had been active in the work of the Unitarian Church and when he rang the bell of the church last Saturday evening in the "black-out" test, it sounded as a parting knell. Reserved in their way and manner of life, shunning publicity of every sort, Mr. and Mrs. Robbins enjoyed the friendship of a large circle of friends and their leaving this town is indeed a loss, which the community can ill afford. To them and their granddaughter, Miss Winona Robinson, who has just graduated from our local high school, we extend a hearty greeting, and trust the future will provide them continued happiness and contentment in the new home in Maine.

Collect Foil Wrappers

Masons, especially members of the Shriners Temples, have a keen interest in their support of the Shriners Hospitals for crippled children which are scattered about the country. One method of securing funds is by the saving of foil wrappers which comes about candy, tobacco, and many other articles. Such are being collected here and a box to receive them is at various places in town. From all over the state such accumulations are being sent to the hospital at Springfield and last year nearly 30,000 pounds were received which is an amazing record. The money received from the sale from this foil, now continued for many years, makes it possible for children to walk again, who might otherwise remain crippled for life. There is a box at the local IGA store.

To Picnic July 4th

The Community Club of school district No. 3 are arranging a picnic on July 4th (Saturday) and all members with their friends are asked to bring the solicited food, with their silver and cups. The gathering will begin at 6 o'clock and supper time has been arranged for 6:30. A collection will be taken to pay for the ice-cream. Games for the youngsters and older folks will be arranged. Plan to attend and enjoy a good time. Mrs. Charles Adams will be glad to give any further information, tel 977.

Valley Art Exhibit

The Deerfield Valley Art Association will hold its 11th annual summer art exhibition of paintings and crafts at the high school gymnasium from June 30 to July 20. The exhibition will be open to the public daily from 1 to 5 p. m., with Miss Jane Dunton in charge.

A Well Placed Honor Given Mrs. MacDowell Of MacDowell Colony

Recently the New York newspapers made public the fact that the National Association of American composers and conductors, had awarded its annual Henry Hadley medal to Mrs. Edward MacDowell, who is now conducting the MacDowell colony at Peterborough, N. H., which has been frequently visited by friends from Northfield and by many of our summer visitors.

In fact, several of our citizens have a personal acquaintance and look forward each summer to a personal visit. She is a most charming woman, easy to converse with and most agreeable. The award was given to Mrs. MacDowell for long and faithful service to American music, and especially for developing the MacDowell Colony.

Mrs. MacDowell is the widow of the American composer. Not everyone, however, knows of the great task she has faithfully pursued since her husband's passing in 1907, or what it has meant to composers, writers, sculptors and painters throughout the United States.

The Colony at Peterborough, where 24 Resident Fellows may work, uninterrupted, among ideal surroundings, has been the birthplace of such famous works as the poems of Edwin Arlington Robinson, "The Bridge of San Luis Rey" by Thornton Wilder, "Porgy" by Du Bose Heyward, novels by Willa Cather, poems by Elinor Wylie, by Stephen Vincent and William Rose Benet, by Frances Frost; and musical compositions by Howard Hanson, Mrs. H. A. Beach, Mabel Daniels, Aaron Copland, Roy Harris, and Douglas S. Moore.

The award to Mrs. MacDowell is well deserved.

Gas Rationing Off For Another Week

The Press is informed officially that the rationing registration for cards has been postponed for a week and will not be held until July 9, 10 and 11. Present cards in possession of motorists must last until July 22 and when the unit numbers are purchased another unit will be allowed for the Bond Sale seal.

At present motorists are receiving six gallons per unit. In the coming registration all motorists will receive a basic A card.

The purchase value of the seal will vary with the type of card. Holders of "A" cards will be entitled to three gallons to tide them over the interim period. B-1 card holders will be permitted to purchase four gallons; B-2 holders, five gallons, and B-3 card holders, six gallons.

Filling station attendants will punch the seal as if it were on one of the units on the card. All unused units on "A" and "B" cards will continue to be good for six gallons each.

Camp Nonotuck To Open

Camp Nonotuck of the Northampton Y. M. C. A. will open for its 31st season for July and August with Errol V. Ridgwell in charge. The camp is located on the headlands of Forest Lake above Winchester and is visited each year by a number of friends from Northfield to enjoy a day's outing. The camp has been very much improved and more modern conveniences have been installed. More boats have been added. The camp is non-sectarian and will accept boys between the age of 8 and 16. The invitation is open to boys from this town.

To Open Their Camp

The Louise Andrews Memorial camp of the Salvation Army, on the Pierson road will open shortly, and will be devoted to the training of young people in the work of the Salvation Army. There will also be a fellowship conference in charge of faculty leaders. There will be a camp for members of their Boy Scout troops and Girl Scouts, with educational classes conducted.

Joins Church Staff

Dr. Paul D. Moody, who recently resigned as President of Middlebury College, has joined the ministerial staff of the First Presbyterian Church in New York city at Fifth avenue and 11th street, and will begin his service there the middle of September.

MORE MILITARY AIRPLANES WILL BE BUILT DURING 1942 THAN WERE MANUFACTURED BETWEEN THE TIME THE FIRST MILITARY PLANE WAS DELIVERED TO THE ARMY IN 1909 AND THE BEGINNING OF THE PRESENT YEAR.

TOWN TOPICS

The sympathy of many friends is extended to a number of our beloved citizens who are reported as being quite ill this week.

Miss Virginia Powell has resigned her secretarial position at State College and will return to Northfield today. At the request of Miss Abigail Bacon, head of the Red Cross Recreational work in the New Station Hospital at Fort Devens, she will commence work as secretary to Mrs. Ethel Hopkins of the Red Cross staff, on July 1.

Miss Margaret Dorothy Buscher of Old Greenwich, Conn., a graduate of the Seminary, and Burdard Monroe Day of Westfield, N. J., were married last Saturday in the Greenwich First Congregational Church in the presence of a large number of friends. Both graduated from Middlebury College this year and Dr. Day is in the army air force.

A daughter was born to Mr. and Mrs. Ralph Livernoise of the Winchester road at the Farren Memorial hospital on Sunday. Mrs. Livernoise is the daughter of Mr. and Mrs. Clarence Spaulding of this town.

Miss Norma Leach, daughter of Mr. and Mrs. Ralph Leach of the Farms, has gone to visit her sister, Mrs. Vincent Sullivan, at Bolton, where she will remain for some time.

Mrs. George Thompson of Northfield Farms fell on the stairs at her home last week Thursday and fractured some ribs and broke her wrist.

Mr. and Mrs. Elmer F. Davenport of Thomaston are at the home of Mr. and Mrs. Roger Hubbard of the Farms for the summer.

Word received from Miss Fanny C. Hatch states that she will spend the summer at Terrebonne in the province of Quebec.

Rev. and Mrs. W. H. DesJardins of Newark, N. J., are at their summer cottage on Rustic Ridge. They have as guests their son and family, Mr. and Mrs. John DesJardins of Kansas City, Mo., and Mrs. Edna VanBibber and children of Madison, N. J.

Rev. J. L. Peacock, Miss Arnold of Saxtons River, Vt., and Rev. and Mrs. Gordon Poole and children of Glens Falls, N. Y., are at the Peacock cottage on Glen road. They observed the birthday of Mr. Peacock last week.

Miss Lucy Keith of Gardner has opened her cottage, the Birches, on the Ridge for the summer.

The Misses Kinsman are at their cottage "Pecousic" on the Ridge for the summer.

Mr. and Mrs. Lawrence White and young son of Boston spent last week end at the home of her parents, Dr. and Mrs. Allan H. Wright.

Mrs. H. P. Bruce and daughter Dorothy of Locust Valley, N. Y., are at their summer cottage on Rustic Ridge.

There are 16 soldiers encamped at Vernon to do M. P. duty at the dam and they are being regularly supplied with reading matter, books and magazines by Mr. Hoehn for the Red Cross and USO given by friends in town. Some playing cards and games are now needed.

James Dale of this town, who is an active member of the fire department, was given a farewell party by 20 friends at the cottage of Mr. and Mrs. Gray in Vernon this week before leaving for induction into the army service. He was presented a service kit.

Stanley Johnson and Fred Stone, Jr., of Northfield and Andrew Stacy of West Northfield have entered civilian work in the Quoddy resident work center in Maine. They left on Wednesday to assume their work.

Mr. and Mrs. Edward Bolton of Ashuelot rd. were given a surprise party Monday evening by their friends on their 10th anniversary. A social time and refreshments completed the evening's program.

Mr. and Mrs. George McEwan were in Wellesley over last week end to attend the graduation of their daughter, Ruth, from Wellesley College.

At the graduation exercises of the high school class at the Town Hall last week, a gift of money was made to Principal Richard A. Cobb by the teaching staff. Mr. Cobb had resigned his work with the school to go with the administration staff at Kenard Hall.

And No County Fair

When Federal transportation defense director, Joseph B. Eastman, requested that all fairs be voided for the duration, he handed the management of many fairs and exhibitions a real problem. As a result the trustees and officers of the County Fair, usually held in Greenfield, have decided to wait further announcements of their plans. Some agricultural authorities feel they are an aid to their interests, but on the whole, if not held, the people will be able to conserve more in many ways for themselves and for the government in its defense purposes in this time of war. Many fair managements have already announced their suspension.

Last Sunday was the first day of summer and the longest day of the year. It was gloomy, rainy and decidedly wet. A fire in the house made it quite comfortable.

We are informed from the Franklin County Hospital that during the month of May, 218 patients were admitted to its care, of which several were from Northfield.

A large box of contributed articles was shipped to Crossmore school in Crossmore, N. C., by Mrs. William Hoehn last Saturday by freight. The contents will be appreciated by the "mountain folk."

Rev. Edward C. Dahl was in attendance at the General Council meeting of the Congregational Churches in America, which met in Durham, N. H., at the University of New Hampshire in an eight-day session opening last Friday. Nearly 1800 delegates are in attendance.

Mr. and Mrs. Emory Rikert of Winchester road visited her relatives at Clinton Corners, N. Y., last week end.

Mrs. Mildred Addison and her mother, Mrs. Martin E. Vorce, spent a week's vacation at Ipswich, enjoying the salt water.

Miss Helen Pietach of Brooklyn, N. Y., is enjoying a stay in her cottage on the Ridge.

Mrs. L. L. Moody of the Seminary staff will spend the summer vacation months in Springfield.

Mrs. C. C. Woodruff of Newark, N. J., is at her cottage on Rustic Ridge for the summer season.

The Bookroom in the Auditorium, a branch of the Bookstore, was open during the sessions of the Girls' Conference.

The group of mail boxes in front of the residence of Dr. A. H. Wright, which was the target for a local automobile driver last week, have been replaced and in use again.

The Red Cross First Aid Station signs, at Spencer's garage, have been placed in position again by the State Highway Department. They will be given a coat of paint.

The Ladies' Benevolent Society of Northfield Farms held their final meeting for the season on Wednesday of last week with a picnic gathering. Mrs. Viola Billings, the president, was given a surprise cake in honor of her birthday.

**DEVOE
MIRROLAC ENAMEL**

by don herold

When I feel down in the mouth, I get myself a can of DEVOE MIRROLAC ENAMEL and paint a chair, an old table or some other piece of indoor or outdoor furniture.

I go on a paint jag, and chase my grumps away.

And the cheer-up leaves no headache. Instead, it lasts for years on the things I've brightened with brilliant Devoe colors.

I thrill to the easy way this amazing DEVOE MIRROLAC ENAMEL flows on (like hot honey) and covers in one coat and swallows its own brushmarks. And I know it will dry in a jiffy, stay beautiful and mirror-bright a long, long time and resist water and heat and gloom, indoors or out.

Get a can of DEVOE MIRROLAC ENAMEL (made by Devoe & Reynolds Co., Inc.) today and see how it perks things up, and perks YOU up, too.

**PUT YOUR
ELECTRIC REFRIGERATOR
IN TRAINING
FOR THE DURATION!**

A FEW HELPFUL HINTS ON THE CARE OF YOUR REFRIGERATOR

- DEFROST** frequently. Excess frost in freezing compartment causes refrigerator to operate longer than necessary. Empty drip water immediately.
- CLEAN** interior each time you defrost with mild solution of soda and water. Wipe dry before you return control to normal.
- OIL** all moving parts if your refrigerator has an open type mechanism, every six months. Keep blades and door latch well lubricated. Use light oil.
- CLEAN** condenser coils and fan regularly. Dust and dirt act as an insulation and overwork mechanism. Use a stiff brush or hand vacuum cleaner.
- DON'T** pry out ice trays with a sharp instrument.
- DON'T** open door longer or more often than necessary.
- DON'T** place hot foods or dishes in refrigerator.

Your electric refrigerator is an important safeguard to your family's health and a valuable ally in the war against waste. Day and night, the clock around, it stands guard protecting food from spoilage—preserving vitamins and minerals. With wartime restrictions on new appliances, your electric refrigerator must be kept in "fighting" condition on the "home front." Give it the best of care. Use it efficiently. Buy food carefully and store it properly. Make effective use of left-overs. Remember, food is ammunition and must not be wasted. Your electric refrigerator will help conserve it.

West Northfield and South Vernon

Miss Lois Billings of Rochester, Vt., is visiting Miss Elva Martineau.

Mrs. Warren Dunklee has been named chairman of the USO for the town of Vernon.

Mrs. Julia Ennis is a guest of Mr. and Mrs. Charles Burnett of Amherst at their camp on Lake Memphramagog, at Newport, Vt.

A siren to notify South Vernon residents of air raids and blackouts was installed Monday at the Tyler farm. There are now two sirens in town, the other being located at the Vernon power plant.

Courtland Dunklee and Glen Murray are attending the General Eastern Loyal Workers' Convention in Alton Bay, N. H., as delegates from the Loyal Workers' Society from the South Vernon Church.

Rev. Ellis E. Jones preached at the Community Church in Marlboro, N. H., last Sunday, in exchange with its minister, Rev. B. F. McIntire, who was the preacher at the Vernon Union Church.

Claude Tenney, a member of the firm of Tenney and Smead, injured his left hand so seriously in a planer, last week, that it was amputated below the wrist at the Brattleboro Memorial hospital.

Miss Alma Dunklee, daughter of Mr. and Mrs. Warner Dunklee, who graduated from the Brattleboro high school, was awarded the Austine prize of \$75 at the commencement exercises.

Georgia May and her radio entertainers will be at the Vernon Grange hall this Friday evening under the auspices of the Vernon Union Church.

South Vernon Advent Church, Sunday, morning worship 10:30, sermon, "The Spirit Filled Life," 11:45, Sunday school; 7:30 p. m., evening service in charge of Loyal Workers with young people from Vernon, Gill and Northfield, Thursday evening, 7 o'clock, prayer meeting at Vernon Home.

Mrs. Lida Aldrich of Windsor, Vt., has come to board at the Vernon Home. Since arriving she has celebrated her 82nd birthday anniversary.

Carichen and William Meissner of Springfield are visiting their grandmother, Mrs. G. E. Tyler.

People you may know

MONA LOGG holds the New England record for conversational endurance. She's modest about it, though. Says her husband can beat her when he talks fishing or golf — just give him a chance. Between them they really do a job on the telephone.

We telephone people deserve some of the credit, no doubt — the way we've sold people on telephoning, all these years. But now success proves a boomerang . . . the War program needs so much telephone service that champion talkers are a problem. You see, switchboards can handle only so many conversations at a time — and materials for building switchboards are on the priorities list!

If anyone had told us, a year ago, that we'd ever reach the point of suggesting that people cut down — No, we can't say it, even now! (Or have we?)

TOWN TOPICS

Mr. and Mrs. Ignac Bilmon observed their 35th wedding anniversary last Saturday evening and were given a reception at the Grange hall by their many friends. Mr. and Mrs. C. Ohlandt of Flushing, N. Y., have arrived at their cottage on Rustic Ridge, where they will spend the summer.

Miss Jane Barry will be a summer guest of Miss Martha E. Bolleman of Bayside, N. Y., who has arrived at her cottage "The Maples", on the Ridge for the summer.

Miss Josephine A. Moody of New York has arrived at her cottage on Rustic Way on the Ridge to spend the summer.

It is expected that about 12 boys of the local Boy Scout troop will go to the Boy Scout camp at Chesterfield to spend a week in training for scoutcraft.

Mrs. J. P. Richardson, a former resident of this town, who has been in South Natick for some time, is now living in Dorchester.

Mrs. Elliot Speer and her daughter, Caroline, were in attendance at the Girls' Conference last week with the group of students from the Ethel Walker school of Simsbury, Conn.

Miss Mary Helen Moore of Elizabeth, N. J., was in town last week and in attendance at the conference at the Seminary.

Miss E-tze Zen of China, a sophomore at Vassar College, is spending her vacation at the home of Mr. and Mrs. A. P. Fitt. Miss Zen's mother was a classmate of Mrs. E. P. Powell at Vassar.

Mrs. Ethel Hopkins, formerly of this town, but now in the Red Cross work at Fort Devens, with her sons, Robert and Stephen, were recently visitors for a few days in town.

Mrs. Harry W. Doremus of New York is at her cottage "Overlook" on the Ridge for the summer and is organizing the writings of her husband, the late Harry W. Doremus, who will be greatly missed in the activities of the summer colony.

Mrs. Edna B. H. Jenkins of Jackson Heights, N. Y., who is at her summer home on Glen road, is entertaining her friend, Mrs. Lydia Featherstone, a former resident of the Ridge.

Miss Martha Strippel of Bay-side, N. Y., who has opened her cottage, Fern Hill, on the Ridge for the summer, is entertaining her brother as a guest.

Mr. and Mrs. Matthew Smith of Winchester road have as guests, Mrs. Clarence Monrow and family of Averill Park, N. Y.

Captain William Marshall of Highland avenue, who was called into service some months ago, and was stationed at Fort Devens, has been transferred to Fort H. G. Wright in New York, where he is Provost Marshal of harbor defenses of Long Island Sound.

Dr. Allen H. Wright was called by the state to attend a meeting on obstetrics at Harvard on Wednesday, representing Farren hospital.

It is expected that several from this town will attend the annual meeting of the "Old Fashioned Githerin" to be held in Ludlow, Vt., at the Federated Church on Saturday, July 18, from 2 to 9 p. m. Gordon Buffum of this town is a candidate for re-election as a director of the association.

Miss Louise Roe of Newton has arrived at her cottage on the Ridge for the summer months.

The Montague tax rate has been announced for this year and is \$32, the same as last year.

Miss Virginia Powell, who is employed at State College at Amherst, spent last week end at her home here.

I HAVE GONE ON

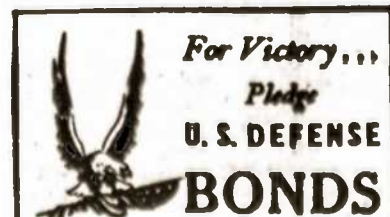

I must be going on!
Let the spring rains come,
The birds sing,
The flowers bloom,
The trees put on their brightest green
I must be going on!

Let the waves of time roll over me,
In matters not now!
Let all that was and is to be,
Be blended in an eternal psalm,
For I shall sing!

Of calm repose, of faith and longing,
I have had my portion.—
Of weariness and pain and sorrow,

No trace or memory now is left.
With all the hopes and fears and loves of men
In ages past and years to come,—
I join.

For I have lived!
And with the great and good, and weak and strong,
(One Brotherhood in Death)
I have gone on!
—Arthur Heeb.

THE "USO" IS ONE WAY WE CAN ALL GET BEHIND THE MEN BEHIND THE GUNS

YOUR COMMANDER-IN-CHIEF SAYS

FRANKLIN D. ROOSEVELT

NOT by machines alone will we win this war. Unitedly, unstintingly, and without interruption or delay, we have solemnly promised to give our men a mounting tide of guns, tanks, planes and ships.

We shall keep that promise, and one promise more—that we shall preserve for them wherever they may be, and without regard to race, creed or color, the moral and spiritual values of the democratic ideals and freedoms for which they now are fighting.

Because the USO is unitedly dedicated to that high purpose, and because that high purpose is a vital part of the job of winning this war, the USO should be supported by everybody—cheerfully, generously, and now.

EDITORIAL

OUR HERITAGE

Georgia Harkness, in writing of
the church and its spiritual
values, says:—

The Church is the chief con-
server of spiritual values, and it
is the institutional embodiment of
our Christian heritage. During
the Dark Ages it preserved not
only religion but civilization; it
has fostered the spread of educa-
tion throughout the centuries; it
has nourished the spirit of democ-
racy; it has built moral attitudes
into the lives of millions of per-
sons, it has made people more hu-
mane in their treatment of the
weak and underprivileged, it has
goaded consciences to abolish
slavery; it has lifted the position
of women and children. We are
the inheritors of this freedom and
this humanization, in which the
church has not been the sole but
has been the chief agent. To turn
our backs on it is to cast off our
cultural heritage.

"FATHER"

The N. Y. Times of June 19 re-
ports that General MacArthur
has been named the outstanding
father of 1942. His reply was as
follows:

"Nothing has touched me more
deeply than the act of the National
Father's Day Committee. By
profession I am a soldier and take
pride in that fact, but I am proud-
er, infinitely prouder to be a
father.

"A soldier destroys in order to
build; the father only builds,
never destroys. The one has the
potentialities of death; the other
embodies creation and life. And,
while the hordes of death are
mighty, the battalions of life are
mightier still.

"It is my hope that my son,
when I am gone, will remember
me not from the battle, but in the
home, repeating with him our sim-
ple daily prayer, 'Our Father Who
art in heaven.'"

LOVE FOR SALE

We live in a city apartment,
High over a busy street;
And, down at the nearest corner,
Where the lines of traffic meet
Is a place that is fascinating,
With "Pet Shop" over the door,
Where always a dozen puppies
Are rollicking over the floor.

There are crowds around its win-
dow

At any time of the day,
Watching those puppies caper
And tussle at their play—
A rich man, a beggar, a youngster
With nose pressed flat on the
glass,

A pair of tittering school girls,
A sailor boy and his lass.

They say love cannot be pur-
chased,
But we know we could purchase
there

Enough real love and affection
To bankrupt a millionaire.

It is hard to get by that window,
But we keep on passing it up—
For life in a city apartment
Wouldn't be fair to a pup.

JORDAN MOTOR SALES
Hinsdale Road East Northfield, Mass

The Unitarian Church

On Sunday at 10:45 a. m., ser-
vice of worship and sermon by
Rev. Edward C. Dahl. A hymn
of praise from the Yigdal of Dan-
iel Ben Judah 14th Century
chosen by Mr. Heeb and a closing
hymn He Judgeth the People,
Katharine H. Annin 1923 with
traditional Dutch melody chosen
by Mr. Dahl will be sung. Rev.
Arthur Heeb, minister, Mrs. L.
Perry Goodspeed, choir leader and
organist. A cordial invitation to
the community is extended to at-
tend this service.

Speaking to his congregation
that had invited Harmony Lodge
of Masons and the Order of the
Eastern Star to worship with them
on the festival of Saint John, Mr.
Heeb said: "You cannot do justly
nor find justice until you repent
of your injustice." Using the sym-
bol of Amos, the first prophet,
holding a plumbline in his hand
at the commandment of the Lord
as a guide, like a precision tool
such as the Greenfield Tap and
Die Works are turning out by the
thousands, the speaker illustrated
the nature of God's justice. The
symbol of John the Baptist call-
ing for repentance as the way to
a just world and the kingdom of
heaven reveals the personal re-
quirements for a world of peace
and joy in the Lord.

Mr. Heeb pointed out a curious
fact that both Amos and John,
living 800 years apart, each has a
telling message for us today, and
they both used figure of build-
ing in giving their messages. Both
these men were rough herdsmen
living much alone in the wilder-
ness, yet each made clear his mes-
sage by a builder's guide. The
plumbline for constructing a wall
and the stirring command, "Build
a highway for our God, make His
way straight." The solution of
our world problems may be found
in heeding the warning of these
two men of the desert. Their
voices must be heard and fol-
lowed before we can again hope
for a world of peace and right-
eousness.

ney.

Know Massachusetts
by State Planning Board

DO YOU KNOW THAT...
Assessed valuation of all build-
ings in Massachusetts is \$3,763,-
845,000, which provides some
measure of the amount of the
new war damage insurance that
should be placed by July 1...
In industrial plants in Massachu-
setts which have been expanding
very rapidly, it appears that close
to 80 per cent of the employees
commute to work by automobile.

A test in one large plant showed
that the average number carried
per car was only 2.7 persons.
Complete doubling up by the
workers in that one plant so that
each car would be filled, would
save an average of 84 tires and
more than 35,000 gallons of gaso-
line per week... Massachusetts
was the first state to build and
operate a municipal water sys-
tem; in 1848 Boston celebrated
the completion of the aqueduct to
the city from Lake Cochituate,
then called Long Pond... The
month of May in Boston averaged
3.7 degrees warmer than normal,
but had 1.07 inches less rain than
the normal May... Cost of living
in Massachusetts in May was 11.3
per cent higher than in May a
year ago and 14.8 per cent high-
er than in November 1939... Es-
timated at five cents per mile, the
ten billion miles which motor ve-
hicles covered in Massachusetts
last year cost \$500,000,000...
The State Planning Board has
just issued a report showing the
proportion of employees in one
large industrial plant who are now
depending upon private automo-
biles to get to work, the condi-
tion of their tires, and ways and
means of meeting the restriction
in automobile use... In the past
two years the number of indus-

trial wage earners employed in
Boston is estimated to have in-
creased 28 per cent. In Worces-
ter the increase is placed at 38
per cent., in Springfield 38 per
cent., Lynn 95 per cent., Lowell
30 per cent., Quincy 142 per
cent., Chicopee 47 per cent. and
Pittsfield 59 per cent... Be-
tween 1938 and the end of 1941
the Massachusetts State debt was
reduced from \$41,000,000 to less
than \$16,000,000... Value of or-
ders received by Massachusetts
manufacturers of metal products
is running about four times as
large as during the so-called boom
times of the 1920's... During
the period from December 1, 1941
to May 31, 1942, 3,375 automo-
biles were stolen in Massachu-
setts; 3,278 were recovered...
The occupational census of 1940
listed 12,153 women in Massachu-
setts who were proprietors, man-
agers or officials of businesses.
Total number of females gainful-
ly employed was 484,109, com-
pared with 1,050,678 males...
The dollar spent for living ex-
penses in Massachusetts today
buys about 64 per cent as much
as in 1913 and about 87 per
cent. as much as in the average
of the years 1935 to 1939...
The first chemical patent issued
in the United States was given to
William Frohisher and Caleb Wil-
der of Boston, in about 1788, for
a new process for producing pot-
ash; it was signed by George
Washington and Thomas Jefferson...
Three members of the Quincy
City Council have been ap-
pointed as a committee to con-
sider the question of zoning and
to recommend a plan for adop-
tion.
